## ThorApps List Sync Service Uninstall Guide

Author: Michael Bear

Date: 12 Oct 2018

Version: 2.0

## Overview

This document describes the steps to uninstall ThorApps List Sync Service from a SharePoint Online farm.

## Prerequisites

To follow this guide, you will need the following items:

- A computer with internet access
- SharePoint farm administrator rights with to deploy SharePoint farm solutions

In this guide we will demonstrate:

- Removing ThorApps List Sync from a SharePoint Online site collection
- Removing ThorApps List Sync from a SharePoint Online App Catalog

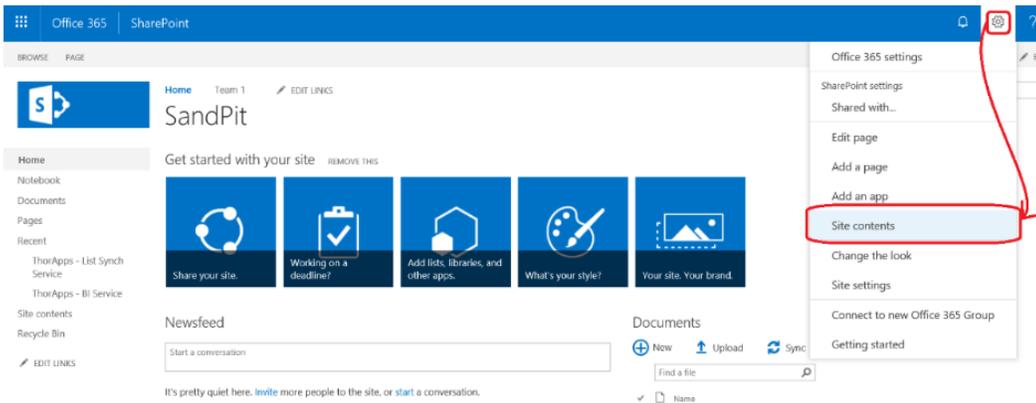

# Remove ThorApps List Sync App from a Site Collection

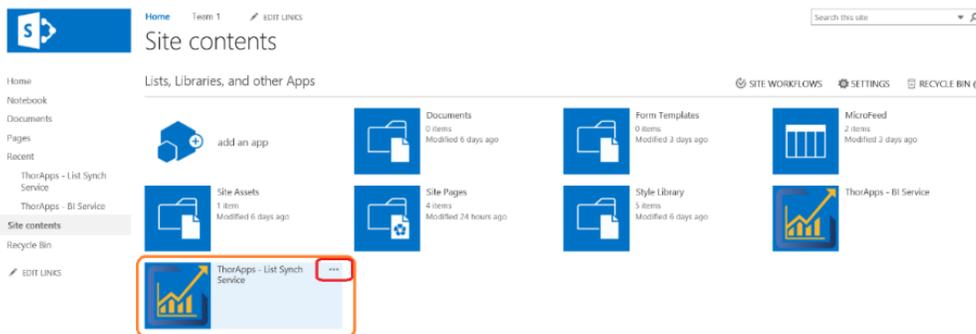

Open a web browser.

Navigate to the site collection containing ThorApps – List Sync Service.

Click the cog in the upper right and select "Site Contents".

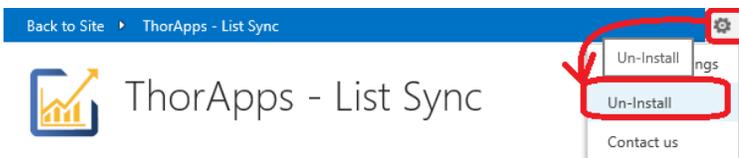

Click "ThorApps – List Sync Service".

Click the cog in the upper right.

Select "Un-install".

Environment : Development

[Home](#)

[Reporting Schemas](#)

[Lists To Reflect](#)

Click "Un-Install".

Click "OK" to confirm.

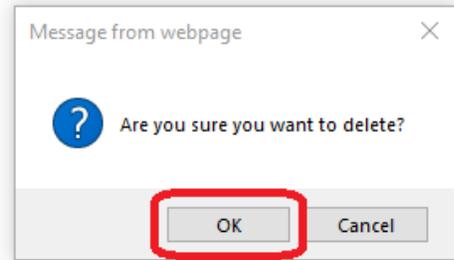

## ThorApps - List Sync Service

Environment : Development

- Home
- Reporting Schemas
- Lists To Reflect
- Reflected Lists
- Jobs
- Timers
- Field Types
- Event Receivers

Clicking 'Un-Install' will create a background job to disable all scheduled jobs and remove all event receivers from the site collection.  
You should perform this function if you plan to Deactivate this App and don't plan to re-activate it.

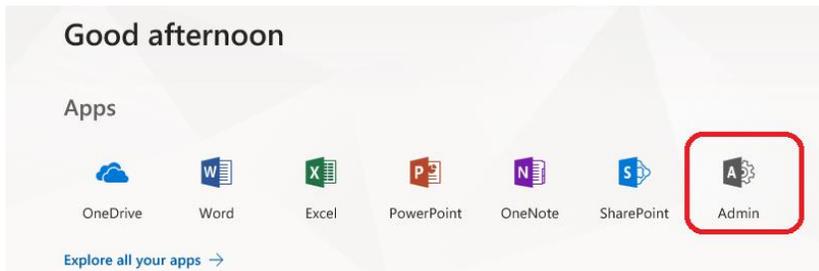

Un-Install

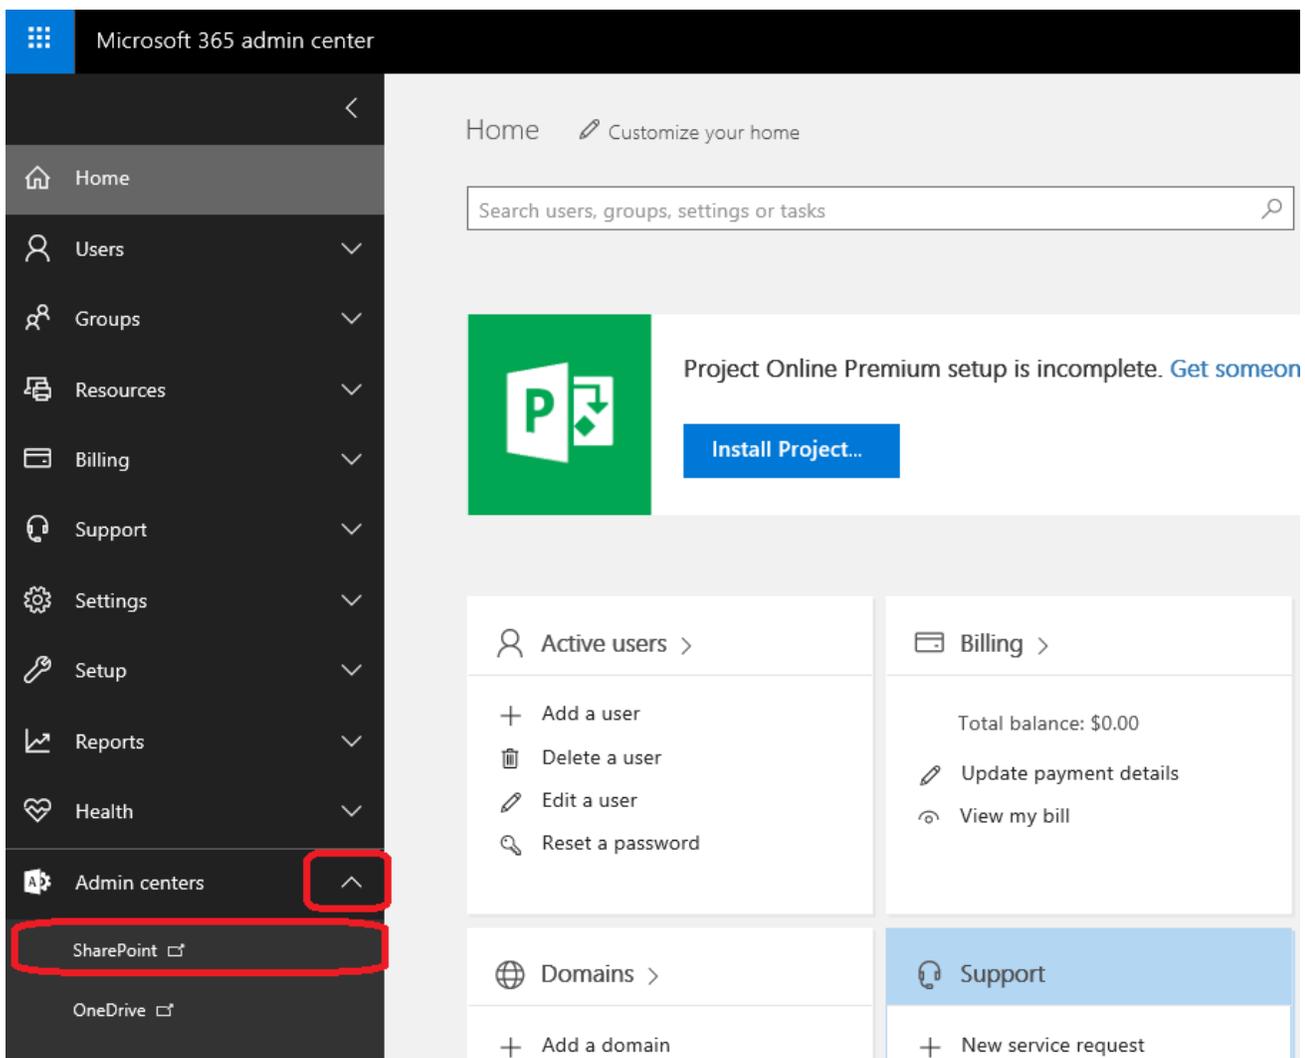

## Remove ThorApps List Sync from the App Catalog

Open a browser and login to <https://portal.office.com/>  
Click the "Admin" icon.

In the left menu, expand the "Admin centers" node and select "SharePoint".

Click "Apps" on the left.

apps

**App Catalog**  
Make apps available to your organization and manage requests for apps. An app catalog is required to disable Store purchases for end users.

**Purchase Apps**  
Purchase apps from the SharePoint Store.

**Manage Licenses**  
Manage SharePoint licenses for apps purchased from the SharePoint Store.

**Configure Store Settings**  
Manage app acquisition settings including turning off purchases for end users in the SharePoint Store.

**Monitor Apps**  
Track usage of applications and review errors.

**App Permissions**  
Manage app access to this tenant.

Click "Apps for SharePoint".

Locate ThorApps – List Sync Service and click the ellipsis (...)  
Click the next ellipsis and select "Delete".

Click "OK".

In the quick Launch, click "Site Contents".
